EXPERIENCE

➤ Premier IT Solutions, Inc

Richardson, TX

Front end/Angular Developer (April 2014-July 2016):

Involved in front end development of enterprise class web applications. Worked as a member of high functioning scrum teams to help drive next generation user experience. Followed guidelines and standards such as source code control, documentation, testing practices.

- Built custom **Angular** directives using both-isolated and inherited scopes, to refactor existing codebase and perform simple DOM manipulations(using link function).
- Utilized **Angular** for **dependency injection** using existing services.
- Refactored existing codebase by utilizing existing **Angular** directives like **ng-options,ng-model**
- Used **NodeJS** with **Bower** to obtain node modules/dependencies for the application structure desired.
- Utilized JavaScript libraries such as **jQuery** in building complex interactive experiences, navigating DOM structure and used utility functions such as \$.each & \$.map
- Used **JSON** for data exchange between client and server
- Built Regular expressions for validating user input in terms of Globally Unique Identifier(GUID), textarea submissions etc.
- Used Cascading Style Sheets(**CSS3**) and its framework(**Bootstrap**) in implementing responsive web design using fluid grids
- Used knowledge of design techniques such as Sprites to develop pages with good performance
- Involved in writing or modifying MySQL scripts when necessary.
- Used **Git** most recently and **SVN, Team Foundation Service** earlier as source control tools
- Worked on **JIRA** bug-tracking/collaboration tools
- Built applications on **Jenkins** and deployed in various environments
- Collaborated with QA teams in verifying application workflow.
- Profiled application using YourKit profiler to detect slow response times in application workflow

🔧 Object oriented programming platform: **JavaScript, Java(v1.6)**

🔧 Relational Database skills: **MySQL v5.6.17**

🔧 Front-end technology skills: **HTML5, CSS3, JavaScript, Angularjs(1.x), jQuery**

EDUCATION

❖ THE GEORGE WASHINGTON UNIVERSITY, Washington DC

Master of Science in Systems Engineering (December 2013)

❖ NATIONAL INSTITUTE OF TECHNOLOGY TIRUCHIRAPPALLI, India

Bachelor of Technology in Mechanical Engineering (May 2010)

ACADEMIA
